Kindly allow me to personally introduce Elijah M. Travis. He is the first son of the late Alfred B Travis. Elijah moved to **Safe Home** in 2009 when his father served as the head of maintenance. Elijah graduated from the 9th grade and moved to Kakata in 2017 to begin his high school journey at the **BOOKER WASHINGTON INSTITUTE**. Elijah studied plumbing at a diploma level, though his desired career has been in construction engineering.

Elijah accepted Christ one year ago and has lately become one of our youth ministers and has been preaching and evangelizing. Amen! I ask on behalf of **Safe Home** to help support him for his dream career. Currently, in addition to his church activity, Elijah is a classroom teacher at one of our schools till we approve the beginning his college journey later this year.

John Travis, *Director of Safe Home*

"IT IS MY PLEASURE AND HONOR TO APPRECIATE YOU AND THE SAFE HOME FAMILY FOR THE LEVEL OF SUPPORT MAKING ME A HIGH SCHOOL GRADUATE, WHICH I AM SO GRATEFUL FOR. I AM AGAIN ASKING FOR HELP IN FORWARDING MY EDUCATION TO BASIC LEVEL IN ELECTRICAL ENGINEERING. AFTER EARNING THIS DEGREE I PROMISE THAT I WILL SERVE SAFE HOME BY PROVIDING MY TECHNICAL KNOWLEDGE AND SERVICES. WHEN THEY NEED LIGHTS, I WILL BE THERE FOR THEM." WITH LOVE, ELIJAH M. TRAVIS

It is my pleasure to introduce one of my best kids, Augustus. Augustus moved to **Safe Home** in early 2010 when he lost his mother in the little village of Eltown in Margibi County. He finished his kindergarten one year after that and has been one of the best kids since then. Augustus finished 9th grade and moved to Kakata in 2017 to purposely engage in farming. He got a diploma in Agriculture and has promised to do Industrial Agriculture with special emphasis on Animal science.

Over the years Augustus has served in many areas such as farming, maintenance of the campus, after school study groups, devotions for the younger ones and helping to serve his community in food distribution. As a Christian he has traveled to Hope Church of Christ most weekends to preach to the church and conduct youth seminars.

Last year Augustus added to his dream of getting a certificate for teaching from the **LIBERIA READS PROGRAM**, an American reading program in Liberia for lower graders. He currently teaches at **Safe Home** as grade one teacher and also leads boys in farming. I will personally be grateful and honored were you to continue your support for Augustus to reach his dream in College as a training farmer for the benefit of **Safe Home**.

John Travis, *Director of Safe Home*

"I greet you in a very special way. I highly appreciate you for supporting me from elementary to high school. Today I'm out of high school because of your support. I'm applying for scholarship to extend my study in agriculture at university level. Upon my completion, my desire is to work for the organization in making farms and to care for the kids as well. Thank you for your usual understanding." Faithfully Yours, Augustus N. Barkai

"How are you now days? Let me hope that you are fine together with your relatives and your family friends. For us here in Uganda, things are just going on well and we thank God for he has protected us from this pandemic. Glory be upon Him. I also thank God for your support towards our life, especially Academically and in accomodation. I really can't take for granted because if it wasn't for your support, I would have not been what I am now.

I thank God that I completed my first year in electrical installation systems and maintenance and am now going for second year. Really thanks for all your support. May Almighty reward you with all your heart desires. May God Bless You Abundantly,"

Your beloved son, Latifu Mubiri *Butiki, Uganda*

"Greetings to you all in the Almighty name of the Living God. How are you over there? I am fine. I am pursuing a diploma in pharmacy at **St. Francis School of Health Sciences**. Am very happy for my studies since my dream of becoming a medical personel is on the apex of its fulfillment. I thank you, my dear sponsors, for the tuition fee and all the support that you provide unto me. My prayer is that the Almighty God bless you so much in everything that you do.

This month we have been in hospital practice where we have been doing the practical part of the course; treating the sick people, guiding and counselling of those with chronic diseases which has made me to interact with different people in the community. After my studies, which is next year, I would like to engage in community interventions concerning rational use of medicine, proper dispensing and guidance on use of different medications and treating different diseases affecting the people in our community.

Am so grateful that I have managed to attain all of this through the great support from you, my dear sponsors. Thank you so much and may the Almighty God grant you all the best."

Yours Faithfully, Ben Nicholas *Life of Favor, Uganda*

"I greet you all in the Mighty Name of our Lord Jesus Christ. Here we are all fine. Our immune system is strong. The vibe is high. I take this opportunity to thank you for the support you have rendered to me. Thanks for the tuition. If it wasn't for you, I would have been struggling with this world full of distractions. But now, due to your spiritual hand, you have pushed me to a greater level of education (university).

At university, we are being required to get laptops. I pray that He who provides for the needy, will make it happen in Jesus' name. I therefore conclude by informing you that after my Bachelor's Degree in Business Administration, I will become a strong, professional business man in future and will be able to push others who are in need."

Yours Faithful, Jagenda Aramathan *Butiki, Uganda*

"It is refreshing to be writing to you hoping all is well. Allow me to thank you for the support you give to us year to year through school fees, food, clothes and communicating to us. May God bless you for that loving heart. By your support, I joined a class in motor vehicle mechanics and driving. Institutions are now open (since Covid) and I need a tool box with all required tools for mechanics. I am also challenged with poor transport means as I walk to school yet the school is far from home and sometimes I reach late which is seriously affecting me. I pray to God to help me solve the challenge and become a good example to my fellow little sisters and brothers. May God bless you." Jagenda Fahadi *Butiki, Uganda*

SPECIAL NEEDS Higher Education

As I read through all of the letters of these students, I see a common theme of heartfelt thankfulness, high praise and credit given to you, the donors, that do so much for them... and I see their motivation to learn more, to be better, to succeed and to help others as you have helped and continue to help them. May we all together fulfill the financial need to help these students and others to continue and complete their schooling so they can make a practical, yet powerful difference in their communities for Christ! You can give online at orphanslifeline.org or send a donation with the coupon on back and the envelope provided.

Higher Education (College & Trade School) Need For 21 Students - ~~\$25,215.00~~ \$24,261.70 Received \$953.30 so far!
